Dear Valued Customer:

Effective with shipments February 17, 2009 the Raw Materials Surcharge (RMS) applicable to concrete reinforcing bars, merchant bars and structural products will be \$48/net ton (\$2.40/cwt.) This represents a decrease of \$30/ton (\$1.50/cwt) when compared to our February 1, 2009 surcharge.

Product	Published Index (AMM)	Consumer Buying Price (Chicago)	Program Baseline	February 17, 2009 Surcharge / ton
Reinforcing Bar Merchant Bar & Structural	Shredded Auto Scrap	\$210	\$162	\$48

In addition to the new Raw Materials Surcharge, the base price for reinforcing bars will increase \$30 per net ton (\$1.50/cwt). The base price for merchant bars and structural products will remain unchanged.

The net effect of this move is that our **transaction pricing will remain unchanged for reinforcing bars** and **it will decrease \$30 per ton (\$1.50/cwt) for merchant bars and structural products.**

As always, we will continue to monitor the marketplace and respond accordingly in order to assure you of receiving a competitively priced product.
