Dear Valued Customer:

Effective with shipments October 1, 2009, the Raw Materials Surcharge (RMS) applicable to concrete reinforcing bars, merchant bars and structural products will be \$128/net ton (\$6.40/cwt). This represents an increase of \$22/ton (\$1.10/cwt) when compared to our September 1, 2009 surcharge.

| Product | Published Index (AMM) | Consumer Buying Price (Chicago) | Program Baseline | October 1, 2009 Surcharge / ton |
|---|-----------------------|---------------------------------|------------------|---------------------------------|
| Reinforcing Bar Merchant Bar & Structural | Shredded Auto Scrap | \$290 | \$162 | \$128 |

In addition, we will decrease our base price for concrete reinforcing bars, merchant bars and structural products by \$22 per ton or \$1.10/cwt.

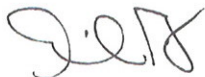

The net effect of this move is that our transaction pricing for **reinforcing bar, merchant bars and structural products will remain unchanged.**

As always, we will monitor the marketplace and will respond accordingly by making adjustments to our base pricing in order to assure you of a competitively priced product.
