

**BAR MILL - AUBURN**

**Nucor Steel Auburn, Inc.**

November 24, 2009

To All Prepaid Truck Customers:

The December 2009 fuel surcharge for prepaid truckloads from Nucor-Auburn will remain the same as November 1, 2009 at \$.26 per mile.

The Department of Energy's (DOE) National Average for November 23, 2009 is \$2.787/gal.

Nucor-Auburn is using the DOE diesel fuel National Average at the end of each month to calculate the Nucor-Auburn Fuel Surcharge for the following month. We use \$1.50 as the base for fuel indices and we assume a fuel efficiency rating of 5 miles/gal. Mileage is based on practical miles using PC Miler Ver. 22.

**Example:    \$2.79 - \$1.50 = \$1.29/gal**  
**\$1.29 / 5 gal/mile = \$0.26**

For your reference the DOE diesel fuel National Average is published on:

<http://tonto.eia.doe.gov/oog/info/wohdp/diesel.asp> .

We thank you for your business, and if you have any questions please contact your District Sales Manger or your Inside Sales Representative at (800) 424-1494.

Sincerely,

Nucor-Auburn  
Ted Jeske  
Sales Manager
