December 12, 2008

Dear Valued Customer:

Effective with shipments January 1, 2009, the Raw Materials Surcharge (RMS) applicable to concrete reinforcing bars, merchant bars and structural products will be \$70/net ton (\$3.50/cwt). This represents an increase of \$70/ton when compared to our November 6, 2008 surcharge.

Product	Published Index (AMM)	Consumer Buying Price (Chicago)	Program Baseline	January 1, 2009 Surcharge / ton
Reinforcing Bar Merchant Bar & Structural	Shredded Auto Scrap	\$232	\$162	\$70

In addition to the new Raw Materials Surcharge taking effect on January 1, 2009, we will decrease our base price for reinforcing bar, merchant bars and structural products by \$70/net ton or \$3.50/cwt.

The net effect of this move is that our transaction pricing for **reinforcing bar, merchant bars and structural products remain unchanged.**

As always, we will monitor the marketplace and will respond accordingly by making adjustments to our base pricing in order to assure you of a competitively priced product.
